EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with **Attorney Paul T. Parker** on **03/24/05**.

The application has been amended as follows:

In claim 37, lines 7,8, change the expression "*the workpiece is at least approximately planar*" to **----a cover layer on a face of the workpiece is at least substantially planar at an elevation in an overburden portion of the cover layer----**; and in line 13, following the term "*and*" add **---commencing the second abrasive stage after terminating the first abrasive stage-----**.

Claims 11-27, 41, 49-58 have been canceled.

The following is an examiner's statement of reasons for allowance: the art of record considered as a whole a method of planarizing a microelectronic comprising the step of terminating the first abrasive stage when the cover layer is at least substantially planar at an elevation in the overburden portion of the cover layer in combination as claimed in claims 5,32,37,45 and 48.

Art Unit: 3723

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
